

# VIRTUAL VISITS TO THE ROYAL ONTARIO MUSEUM

Can't make it to the ROM in person? Try our new Virtual Visit program. Your class will have an hour-long live interactive lesson with a ROM teacher via video conference. Featuring objects from our teaching collections, each lesson draws on the same curriculum rich content as our on-site programs. A small number of these visits are offered free through Contact North for a limited time.

Available Mon–Fri, 9:30 am–3 pm EST from Oct 13th, 2010. Call or email for details.

## DINOSAURS & ANCIENT LIFE

Meet T-Rex and a sabertooth cat in our gallery of extinct mammals and dinosaurs. Our dynamic presenter will share actual fossils and show you how ROM scientists work.

## SLICE OF LIFE: ONTARIO BIODIVERSITY

Discover the incredible variety of living things in Ontario and virtually investigate a variety of ecosystems from wetlands to grasslands to Arctic tundra. Learn about human impacts and how you can help make a difference.

Supported by the Ontario Ministry of Natural Resources.

## EGYPT

Learn about daily life in ancient Egypt as you take a virtual tour of the ROM's Egyptian gallery and examine authentic artifacts made thousands of years ago. You will even visit a 3D re-creation of an Egyptian temple.

## MEDIEVAL LIFE

Encounter medieval society through the weapons, armour, religious and household objects of that time. From peasants to princesses, you'll see how life was lived hundreds of years ago.
