POLICY

The Huron-Superior Catholic District School Board recognizes and believes that we are all called and committed to be respectful and responsible Stewards of God's creation. We believe that it is our responsibility to treasure and value the environment to the fullest, to use resources wisely and to be accountable for one's actions. It is our mission to affirm the sacredness of life and respect for all creation.

In response to ***Acting Today, Shaping Tomorrow: a policy framework for environmental education in Ontario schools***, produced by the Ontario Ministry of Education, the Huron-Superior Catholic District School Board is committed to the goals of environmental education: teaching and learning, student engagement and community connections and environmental leadership.

Superintendents and Principals will be responsible for the implementation of the procedural guidelines outlining the goals, strategies and actions of the board's Environmental Education Policy.
