

# FAQ's

## **Is this school shared by the two Boards?**

Yes and no. The gymnasium (which includes a stage) will be a shared space between the two schools as will a small chapel near the front entrance. Each school will have its own main entrance and space when it comes to offices, classrooms and kindergarten play areas. Other outside areas will be shared by the schools for such activities as recess, outdoor physical education classes and special events. Scheduling for the use of all shared spaces has yet to be determined.

## **Is this shared school a new concept?**

No. The Huron-Superior Catholic District School Board and Conseil scolaire catholique du Nouvel-Ontario share space in other communities (Wawa, Hornepayne, Chapleau).

## **When will construction begin?**

Construction is underway at the site. The contractor for the project is Build North.

## **Who is the main contact regarding facility construction?**

Due to the closer proximity of its Board office the Conseil scolaire catholique du Nouvel-Ontario is the lead in this project. The Huron-Superior Catholic District School Board remains in constant contact with all parties involved in this project.
