

Huron-Superior Catholic District School Board

POLICY TITLE:	AUTOMATED EXTERNAL DEFIBRILLATORS	Approved:	November 17, 2010
		Amended:	January 16, 2019
POLICY NO:	7005	Page:	1 of 1

POLICY

The Huron-Superior Catholic District School Board recognizes that all people are created in the image and likeness of God and as such, all people have the right to be treated with dignity, respect and fairness.

The Board will support and maintain safe, caring, equitable and inclusive climates in schools and workplaces that enhance safety and focus on prevention and early intervention for all. Every student and employee has the right to learn and work in an environment which is safe and reasonably secure from the peril of harm.

Therefore, it is the policy of the Board that every reasonable precaution to ensure the health and well-being of all students and staff will be taken to prevent serious medical emergencies.

Board personnel shall adhere to recommended health practices as they pertain to students, staff and visitors at school and board sites.

The use of a defibrillator as an emergency device to aid a person during a life-threatening medical episode is one method of immediate medical intervention.
