HSCDSB is offering an amazing opportunity for our grade 8 students in the district who are interested in acquiring a reach ahead secondary credit via continuing education. HSCDSB feels that our district students deserve not only an opportunity to continue their religious education but also have an opportunity to enter high school with a credit. Grade 8 teachers will be receiving more communication shortly. This reach ahead credit will be offered to district students only, via online synchronous format. There will be an official registration package available in a few weeks. Right now HSCDSB is gathering information on student interest.
