

Action Plan for Ontario School Principals

Bill 157: Keeping Our Kids Safe at School (which becomes law on February 1, 2010), together with Regulation 472/02 and additions to PPM's 144 and 145, includes a number of new expectations for principals.

The following is a guide to assist principals in meeting the expectations of this new legislation package. It also takes into account the principles of the Ontario *Human Rights Code* ("Code").

Reporting Requirements

- ❖ Reporting requirements must be clearly communicated to staff
 - behaviours that require a written report to the principal
 - who must report
 - when report may be delayed
- ❖ Explain the nature of the written report
 - show sample and outline for staff how to complete the *Safe Schools Incident Reporting Form – Part I* – see Appendix A
- ❖ Inform staff that principals must respond to Report in writing
- ❖ Explain the nature of the written response
 - Show sample of the *Safe Schools Incident Reporting Form – Part II* – see Appendix B
- ❖ Principal to ensure that a report number is assigned to each report
- ❖ Principals to disclose information to parents of victims
 - what is disclosed
 - what is not disclosed
 - the exceptions to disclosure to parents

Responding Requirements

- ❖ Responding requirements must be clearly communicated to board employees, particularly those who work directly with students
 - behaviours that require response
 - who must respond
 - what response looks like
 - when not to respond

Delegation of Authority Regarding Student Discipline

- ❖ Clarify for staff Ministry guidelines and requirements – to be outlined according to board policy
- ❖
 - *Vice-Principals*
 - ♦ Delegation may include all authority of the principal under Part XIII of the Education Act except the final decision regarding a recommendation

to the board to expel a student and suspensions for more than 5 school days.

▪ **Teachers**

- ♦ Teachers may be delegated the authority to initially deal with situations involving activities that occur that must be considered for suspension and/or expulsion.
- ♦ A teacher may be delegated limited authority to contact the parent of a student who has been harmed as the result of an activity for which suspension or expulsion must be considered. The information provided to the parents by a teacher must be limited to the nature of the harm to the student and the nature of the activity that resulted in the harm.
- ♦ The teacher **must not** be delegated the authority to **discuss the nature of any discipline measures taken** in response to the activity.
- ♦ If the teacher is not clear on whether to call the parent or guardian the teacher should contact the principal or supervisory officer for direction. The principal or vice-principal will follow-up with the parent as soon as possible.

Supporting Students

- ❖ Explain PPM 144 requirements that school-level plans include:
 - awareness raising strategies;
 - support strategies including plans to protect victims.
- ❖ Outline procedures to support students who are victims of **serious student incidents*** and their parents
- ❖ Outline Safe Schools Resources to Support School Staff and Students
 - See Appendix C

Note: Serious student incidents are incidents that must be considered for suspension (s. 306.(1) or expulsion s. 310.(1)).*

Progressive Discipline

- ❖ All schools must develop and implement a school-wide progressive discipline plan.
- ❖ Homophobia, gender-based violence, sexual harassment and inappropriate sexual behaviour must be addressed.
- ❖ The progressive discipline plan should be clear that principals are expected to apply the *Code* in making disciplinary decisions. This would include considering disability-related behaviour and racial harassment leading to a student's behaviours as mitigating factors, and taking into account the cumulative impact of suspensions, and exclusions on a student's access to education.

School Improvement Plans

- ❖ Schools to address gender-based violence, homophobia, sexual harassment and inappropriate sexual behaviour in their school improvement plans

Monitoring and Review

- ❖ Schools to evaluate the effectiveness of their safe schools policies and programs through the use of anonymous school climate surveys which are to be undertaken a minimum of every two years.
- ❖ Schools required to share climate survey results with their Safe Schools Teams.
- ❖ The Ministry of Education's School Climate Surveys have been revised and can be used to fulfill this requirement. An online tool to help schools roll-up their survey results will be available shortly.
- ❖ Consider adding other questions that will help you identify human rights trends and perceptions of systemic discrimination or perceived barriers to equal access to education under the *Code*.

Prevention and Awareness

- ❖ Prevention and awareness raising strategies must be aimed at all members of the school community in areas including but not limited to:
 - homophobia,
 - gender-based violence,
 - sexual harassment,
 - other forms of discrimination under the *Code*,
 - inappropriate sexual behaviour,
 - critical media literacy, and
 - safe internet use
