Junior and Intermediate Teachers will participate in numeracy sessions and a session on Skilled Trades. The Skilled Trades session will be led by guest presenters, Jon Callegher and Angela Caldwell.

Secondary teachers will participate in sessions related to de-streaming and school improvement planning.

Our Mental Health Leader, Counsellors, and Behaviour Team will hold virtual sessions for Educational Assistants, Clerical, and Plant staff. These sessions will focus on promoting student mental health and well-being, as well as preventing violence in schools. Our care and clerical staff will also receive continued training on health and safety. Moreover, the clerical staff will be trained on how to effectively use our student information system and online banking.
