IDENTIFICATION OF STUDENTS FOR SCHOOL RELATED ACTIVITIES

It has been the practice of the Huron-Superior Catholic District School Board to recognize and affirm its students by way of announcements, Honour Rolls, displays, mention in newsletters, public media, awards, assemblies, and so on. Names may also appear on graduate lists, in printed programs and yearbooks. This recognition has always been a regular part of our schools' operations.

However, in order to ensure protection of individual privacy, your written consent is required for any publications of names and/or photographs. For students under the age of 18, consent from a parent/guardian is required. A student who is 18 years of age or over may give his or her own consent. You are therefore requested to read and sign the attached consent form.

Questions regarding this issues should be directed to the School Principal, or you may contact the School Superintendent.

Dear Parents/Guardians,

With recent changes to the graduation requirements in Ontario, students who entered Grade 9 in the 2020- 2021 school year or later are required to earn two online learning credits to graduate from secondary school.

The graduation requirement is intended to support students in developing familiarity and comfort with working and learning in a fully online environment, as well as developing digital literacy and other important transferable skills that will help prepare them for success after graduation and in all aspects of their lives.

Meeting the online learning graduation requirement should not pose a barrier to graduation for students. As with all learning, students taking online courses will have access to the supports they need through their school, (eg., guidance, nutrition programs, extra-curricular activities and services for English-language learners). If a student does have an Individual Education Plan, the plan will be shared with parental consent, with the teacher offering the online course.

Option to Opt Out of the Mandatory Online Courses Required for Graduation.

Parents/guardians may choose to opt their child out of the mandatory online courses required for graduation. Students aged 18 years of age or older or students who are 16 or 17 years of age and have withdrawn from parental control can also opt out of the graduation requirement. Students and parents do have the option to opt back into the online learning graduation requirement should their decision change. To opt your child out of the online learning requirement, please complete the information below and return the completed form to our school.

Please review the attached form to opt out of the mandatory online courses. Completed forms should be returned to the school to Student Services. If you have any questions, please feel free to contact Student Services at 705-945-5540 ext. 22270.

Warm regards,

Mr. Larry Pezzutto
Principal, St. Mary's College

Gr. 9 Course Types and Descriptions

The following are descriptions of the course types at the Grade 9 level:

PRE-ADVANCED PLACEMENT COURSES (Pre-AP): These courses are intended as valuable enrichment opportunities to prepare students for the Advanced Placement Exams at the end of Grade 12. Success in an Advanced Placement Exam may secure a transfer credit (Advanced Standing) in university. Consistent level 4 achievement is highly recommended, along with consultation with teachers.

DE-STREAMED COURSES: De-streamed courses replace and blend the former academic and applied streamed courses at the Grade 9 level. The majority of students will take de-streamed courses in Grade 9 if they are not a candidate for Pre-AP or LDCC courses.

LOCALLY DEVELOPED COMPULSORY COURSES (LDCC): These courses are intended for students who are performing well below grade level and who require flexibility and support to meet the compulsory credit requirements for the Ontario Secondary School Diploma or Certificate. In consultation with their parents, Principal and Grade 8 teacher, students may select up to three Locally Developed Compulsory Courses.

OPEN COURSES: These courses are designed to prepare students for further study in a subject, and to enrich their education. Generally, open courses are comprised of a set of expectations that are appropriate for all students.

Students will be asked to choose **2 electives and 2 alternates** from the following:

Business, Information and Communication Technology (BTT100): This course introduces students to information and communication technology in a business environment. Students will develop word processing, spreadsheet, database, desktop publishing, presentation software, and website design skills.

Communications Technology (TGJ100): This exploratory course introduces students to concepts and skills in communications technology, which encompasses television/video and movie production, print and graphic communications, photography and animation.

Construction Technology (TCJ100): This exploratory course introduces students to concepts and skills in construction technology, which encompasses plumbing, electrical and network wiring, masonry, heating/cooling, carpentry, and woodworking.

Dance (ATC100): This course gives students the opportunity to explore their technical and compositional skills by applying the elements of dance and the tools of composition in a variety of performance situations.

Drama (ADA100): This course provides opportunities for students to explore dramatic forms and techniques, using material from a wide range of sources and cultures. Students will create, perform, discuss, and analyze drama.

Exploring Computer Technology (TEJ100): This course gives students the computer and technological skills necessary for today's growing digital world. Students will learn the history of computers, examine the parts and functions of the computer and will dissect and assemble computers for further learning. Students will also learn how to code their own website and will learn basic computer programming with Vex robotics.

Expressing Aboriginal Cultures (NAC10): This course examines Aboriginal cultures in Canada through an exploration of art forms: paintings, sculpture, storytelling, dance, and music created by Aboriginal artists. Students will learn to identify Aboriginal art forms and describe relationships between the art forms and Aboriginal traditions, philosophy, and culture.

Healthy Active Living, Physical Education (PPL00-Female, PPL10M-Male): This course emphasizes students' daily participation in a variety of enjoyable physical activities that promote lifelong active living. Students will learn movement techniques and principles, ways to improve personal fitness and safety/injury-prevention strategies.

Music (AMU100): This course emphasizes the creation and performance of music and is aimed at developing technique, sensitivity, and imagination. This course integrates four options (Guitar, Band, Orchestra and Vocal/Choral) emphasizing the skills and knowledge for each instrumentation.

Musical Theatre Dance (ATU100): Students will study movement patterns and techniques specific to theatre jazz as well as gain an understanding of the creative process, stagecraft and performance skills. By the end of the course students will perform polished routines in front of a live audience.

Musical Theatre Music (AMT100): Students will be introduced to singing and dramatic techniques, learn to read music, develop performance confidence, and create a meaningful polished musical theatre performance at the end of the semester.

Outdoor Education (PAD100): This course focuses on the development of a healthy lifestyle through participation in a variety of enjoyable outdoor physical activities. Students will be encouraged to develop personal competence in a variety of outdoor skills and will be given opportunities to practice goal-setting, decision-making, social and interpersonal skills. Students will also study the components of wilderness first aid and safe practices, adventure pursuits and personal wilderness ethics.

Visual Arts (AVI100): This course will give the student the opportunity to experience, explore and create using a variety of materials including pencil, paint, pastel, clay and papier maché. The students will also study Art History and appreciation with an emphasis on contemporary Canadian artists.
