**Approved:**      **January 16, 2019**

**Reviewed:**      **April 3, 2024**

**POLICY NO:**      **3002**

**Page:**      **1 of 1**

---

### **POLICY**

The Huron-Superior Catholic District School Board believes that the safety of students, employees, and community members is of paramount importance.

In keeping with the board's value for everyone's safety, and as is required by ministry regulation, the board conducts drinking water assessments (DWA) in all of its academic facilities on a regular basis. The objective of the DWA is to assess compliance with the most recent requirements of Ontario's Safe Drinking Water Act, Regulation 243/07, as it pertains to schools.
