POLICY

As part of its mission, the Huron-Superior Catholic District School Board (the “board”) affirms the sacredness of life and the dignity of each person. The board’s respect for all humans as children of God is evident in its commitment to protect the health and wellness of all of its students and employees. The board recognizes that individual health practices, as well as the physical environment, are important factors that contribute to each student’s and employee’s personal success and positive contribution to the board’s mission.

This policy and accompanying procedural guideline are intended to provide direction to employees where there is a presence of, or suspected presence of bed bugs in a board operated facility.
